## STUDY DAYS 2020

---

### 'Inspired by John Rylands Library' led by Vivien Lunniss FSSI

For nearly 100 years the SSI has been promoting and preserving the art of calligraphy and is now an organisation of international repute for professional calligraphers and enthusiastic amateurs.

Committed to helping all calligraphers develop their skills, Study Days comprise part of the Education programme. The two linked days provide inspiration for calligraphic pieces and encourage the development of ideas into more substantial work.

The Study Days for 2020 will take place in Manchester, the first day spent at the wonderful John Rylands Library ([www.library.manchester.ac.uk/rylands](http://www.library.manchester.ac.uk/rylands)), where there is a wealth of artefacts to spark ideas. Group discussion following the visit will help you to begin to work with what has inspired you. The second day is a practical workshop held at the Wilmslow Guild, where you can develop your initial explorations with feedback from the leader and discussion with your peer group.

Day 1: Saturday February 29th 2020

Day 2: Saturday June 6th 2020

Participation in both days is essential.

SSI Members: £100

Non-members: £140

Places will be limited so please apply early.
